Warren, Ohio – May 14, 2019 – Ohio Pain & Rehabilitation, a chiropractic, physical therapy, and orthopedic center in Warren, recognizes their team member and spine surgeon, Dr. Robert McLain for his leadership in the 2019 Mid-America Orthopaedic Association (MAOA) Conference.

As President, Dr. McLain oversaw the largest annual meeting in the association’s history, with more than 650 attendees and over 450 practicing orthopedic surgeons. MAOA is the largest association serving America’s orthopedic surgeons. The association provides education and fellowship opportunities for its 1,400 orthopedic surgeon members in 20 states.

Dr. McLain is a St. Vincent Charity Medical Spine Surgeon and long-time Cleveland medical leader. He provides spine surgery and after care to the patients at Ohio Pain & Rehabilitation who need complex back and neck surgery. This includes artificial disc replacements for the neck and back sacroiliac fusions for SI joint pain, minimally invasive surgery for the cervical, thoracic, and lumbar spinal segments, and state-of-the-art techniques of fusion and reconstruction.

“I am proud of my colleague for his accomplishments as MAOA President and appreciate the medical care that he provides for our patients,” states Dr. Chris Efthimiou, Owner of Ohio Pain & Rehabilitation Center. Dr. Robert McLain explained the importance of partnering with Dr. Efthimiou in practice by stating, “It makes perfect sense to build a collaborative relationship, so when Dr. Efthimiou sees a patient who needs surgery, he can refer them to me. When I see patients that don’t need an operation, I can set them up with Dr. Efthimiou who will provide the nonoperative care they need.”
